

Lament

White China

When pale turns to pink
 With a soft unnerving ease
 And all you've built around
 May just tumble to the ground

We stand or fall
 With your future in another's hands
 We stand or fall
 When your life is not your own

When white turns to red
 In the not too distant days
 Will force and misery
 Be the life you have to lead?

We stand or fall
 With your children in another's world
 We stand or fall
 When your town is not your own

Chorus:

White China
 White China

When crimson takes a hold
 When the lights go down on all you've ever known
 When all you'll ever do
 Is worked out for you

We stand or fall
 When the thoughts you have are not your own
 We stand or fall
 When the freedom slips away

(Repeat chorus 3 times)

One small Day

If the stack is high against you
 And the hammer's coming down
 And the time that's yours lies heavy in your hands
 Oh my sentimental friend
 The fast much reach an end

Lying face down on the cold stone
 And they give their all to you
 But their all is slipping through your hands
 Oh my sentimental friend
 Your time will come again

Chorus:

One day where I didn't die a thousand times
 Where I could satisfy this life of mine
 One small day
 One day where every hour could be a joy to me
 And live a life the way it's meant to be
 One small day

How many times has it turned against you
 How many times will they walk away
 How many times have you let depression win the fight

Oh my sentimental friend
We'll walk as one again

(Chorus)

How many times has it turned against you
How many times will they walk away

One day where I didn't die a thousand times
Where I could satisfy this life of mine
One day where every hour could be a joy to me
And live a life the way it's meant to be

One day where I wouldn't feel my senses die
Where nothing made me hang my head and cry
One day where I could see myself as others do
Where I could feel the strength of love at hand

One day where I didn't die a thousand times
Where I could satisfy this life of mine
One day where every hour could be a joy to me
And live a life the way it's meant to be

Dancing with Tears in my Eyes (deutsch)

Chorus:

Dancing with tears in my eyes
Weeping for the memory of a life gone by
Dancing with tears in my eyes
Living out a memory of a love that died

It's five and I'm driving home again
It's hard to believe that it's my last time
The man on the wireless cries again
It's over, it's over

(Chorus)

It's late and I'm with my love alone
We drink to forget the coming storm
We love to the sound of our favourite song
Over and over

(Chorus)

It's time and we're in each others arms
It's time but I don't think we really care

(Chorus)

Lament

And just as my eyes start seeing
After all the pain
The twist in my life starts healing
Just to twist again
In stillness, in sorrow
Returns that softly sighing lament

And just as the smile's returning
After all the pain
The fire inside stops burning
Just to burn again
In moments of madness

Returns that softly sighing lament

Man of two Worlds

Taking shelter by the standing stones
Miles from all that moves
Breathing solitude, seeking confidence
A gift to me
Feeling spirits never far removed
Passing over me and I greet them with open arms

Hand fighting hand
As you turn to a man of two worlds
Taobh ri taobh tha sinn mar aon de dha shaobhail
Do lambh nam lambh gabhal aithne air leim a ghabhlh

Reading passages of ancient rhyme
Cut so deep so old
Telling tales of travellers and mystery
Hearing spirits never far removed
Call out aloud
When the time comes they'll talk to me

Hand fighting hand
As you turn to a man of two worlds
Taobh ri taobh tha sinn mar aon de dha shaobhail
Do lambh nam lambh gabhal aithne air leim a ghabhlh
Hand fighting hand
As you turn to a man of two worlds

Feel a presence moving into me
Painting pictures with its words
Seeing places that I've never seen
Like a door thrown open on a life I've lived before

Taobh ri taobh tha sinn mar aon de dha shaobhail
Do lambh nam lambh gabhal aithne air leim a ghabhlh
Mar e shealbhaichis mi an tiodhlac seo ahonisa
S mo lambh n'ad lambh smuainich air na tireau ceinne
S mi deaunabh gardochas da raire

Heart of the Country

I was young and not deceived then
I believed in the heart of the country
How the words sound, how the truth lies
I was moved by the heart of the country

Oh, oh, then I saw through
The charade, the facade,
Now I've had it all

When they ask you who deprives you
You reply your heart of the country
I am older, I am wiser
I despise the heart of the country

Oh, oh, then I felt it
All the tears and the grief
I believed it all

Taking bad times, by the handful
Do what you can for the heart of the country
They dish the dirt out too hard to swallow

Just to follow the heart of the country

Oh, oh, heed the words
And learn the lines
I'll be fine when I have it all

When the Time Comes

So you think it's over
So you think that down's
The only way out
A sad excuse for lovers
With your head held high
And your heart still full of doubt
It's just like you to scorn
The only one who'll mourn
The day he doesn't love you

Chorus:

When the time comes I'll cry
On the day you cut the thread
When my heart tears I'll cry

So you gave up giving
And you sit and smile
When the awkward silence falls
Deny the life you're living
Just a fleeting love
That you only half recall
It's just like you to make
A passion turned to hate
The day he doesn't love you

(Chorus)

Still we're here together
Feeling helpless as our heaven turns to hell
The taker and the giver
Washed in anger
When we think how far we fell
It's just like you to take
The step than makes the break
The day he doesn't love you

When the time comes I'll cry
When the time comes I'll cry
When the time comes I'll cry
When the time comes I'll cry

A friend I call desire

You live for love, I long for it
You give for love, I take from it
This friend of mine, desire
This lovers crime, desire
Emotion driving all the time
A burning need for things not mine
Desire

You need your love
I walk from it
You fight for love
I run from it

My enemy desire
Caressing me, desire
The torch I carried burnt my hand
I can't control what I can't stand
Desire

You give for love, I lie for it
You give for love, I shy from it
And the pain, and the lust, and the want
And the hurt, and the lies
And the fears, and the urge, and the feel
And the touch, and it's all
A friend I call desire

You give for love, I lie for it
You give for love, I shy from it
And the pain, and the lies
And the touch, and it's all
A friend I call desire

Building

Building

One last smile
As we turn away in wrong directions
Feeling the kick
From a multitude of cooled reflections

Me building on my life alone...

One last look
As we turn our backs on deeper feelings
This new release
And think ahead to all who see

Me building on my life alone...

Love's Great Adventure

Standing on my own
It didn't mean that much to me
I thought I had it all
I didn't see the mystery
I stood the test of time
I took the step to find
Love's great adventure
(oh oh oh oh)
I spoke a million words
They didn't mean that much to me
They rang around my head
Like empty tuneless harmonies
Love's great adventure mine...

Lying side by side
It didn't mean that much to me
I started to enjoy
The poetry and symphonies
I took it in my stride
I hailed the Day i tried
Love's great adventure
(oh oh oh oh)
A fool who couldn't see
It didn't mean that much to me

I couldn't understand
That's how the game is meant to be
Love's great adventure mine...

Standing on my own
It didn't mean that much to me
I thought I had it all
I didn't see the mystery
I stood the test of time
I took the step to find
Love's great adventure mine.

Dancing with Tears in my Eyes

Tanze mit Tränen in meinen Augen
Um die Erinnerung eines vergangenen Lebens weinen
Tanze mit Tränen in meinen Augen
Um eine Erinnerung von einer verstorbenen Liebe zu überleben

Es ist um fünf (fünf, fünf) und ich fahre wieder nach Hause
Es ist schwer (es ist schwer, es ist schwer) zu glauben, dass es mein letztes Mal ist
Der Mann (der Mann, der Mann) an der Leitung weint wieder
Es ist vobei, es ist vobei

Tanze mit Tränen in meinen Augen
Um die Erinnerung eines vergangenen Lebens weinen
Tanze mit Tränen in meinen Augen
Um eine Erinnerung von einer verstorbenen Liebe zu überleben

Es ist spät (spät, spät) und ich bin mit meiner Liebe allein
Wir trinken (trinken, trinken), um den kommenden Sturm zu vergessen
Wir lieben uns (lieben uns, lieben uns) zur Musik unseres Lieblingsliedes
Immer wieder

Tanze mit Tränen in meinen Augen
Um die Erinnerung eines vergangenen Lebens weinen
Tanze mit Tränen in meinen Augen
Um eine Erinnerung von einer verstorbenen Liebe zu überleben

Es ist Zeit (Zeit, Zeit) und wir liegen aneinander in den Armen
Es ist Zeit (Zeit, Zeit), aber ich denke nicht, dass wir uns wirklich sorgen

Tanze mit Tränen in meinen Augen
Um die Erinnerung eines vergangenen Lebens weinen
Tanze mit Tränen in meinen Augen
Um eine Erinnerung von einer verstorbenen Liebe zu überleben
