

**Rage In Eden****The Voice** (deutsch)

Native these words seem to me
 All speech directed to me
 I've heard them once before
 I know that feeling

Stranger emotions in the mind
 Changing the contours I find
 I've seen them once before
 Someone cries to me

Chorus:

Oh Oh Oh Oh
 The look and the sound of the voice
 Oh Oh Oh Oh
 They try, they try
 Oh Oh Oh Oh
 The shape and the power of the voice
 Oh Oh Oh Oh
 In strong low tones

Forceful and twisting again
 Wasting the perfect remains
 I've felt it once before
 Slipping over me

(Chorus)

Sweetly the voices decay
 Draw on the lines that they say
 I'd lost it once before
 Now it cries to me

(Chorus)

We stand Alone

The words played on around our heads
 Perhaps we went too far
 We'll soldier on until the end again

This clutching hand around my hand
 So pitiful and frail
 Makes bleeding hearts begin to beat again

Chorus:

We stand in a different light
 That's cast upon this gigolo and gigolette
 We stand with a different frame around us now
 But when we talk we talk in time
 We shine with profiles so strong and so clear
 And when we move we move in time
 Won't fade like pictures that come back again

Your propaganda touched my soul
 Those thin and cherished words
 A willing victim for the kill again

(Repeat Chorus 2 times)

Rage in Eden

We sit and watch these lifeless forms
Stark and petrified
The high suspense of an empty stage drawing in clutching to its breast
With murmured words we sigh and focus on the main facade

Beyond the hard reluctant windows
News from magazines
We wrote their names on books we'd borrowed as if to bring us closer still
And threw it all away to focus on the main facade
Rage in Eden jigsaw sequence
But no-one could see the end

And they were the new gods
And they shone on high
Their heavy perfume on the night sucked them down in red tide
All is through the looking glass focus on the main facade
Rage in Eden jigsaw sequence
But no-one could see the end

Disciples of the new way
Portraits in the new sand
See when they run their longest mile holding caps in wet hands
Eyes upon them try to focus on the main facade
Rage in Eden jigsaw sequence
But no-one could see the end

I Remember (Death in the Afternoon)

Chorus:

We turned the dial, we heard the news and laughed, we don't know why
We drank the wine and spoke of times we knew of days gone by
We flicked through photographs we had, somehow they made us sad
Remembering the times we used to have, it made us cry

Oh I remember death in the afternoon

A silence fell about the room with harsh and heavy calm
The lovers and the friends all felt the same, it kept us warm
We raised our glass and drank to times we had, but'd see no more
The pictures of the past would haunt us still, and there remains

Oh I remember death in the afternoon

(Repeat chorus 2 times)

The thin Wall

The sound is on the visions move
The image dance starts once again
They shuffle with a bovine grace and glide in syncopation
Just living lines from books we've read
With atmospheres of days gone by
With paper smiles
The screenplay calls a message for the nation

Chorus:

And those who sneer will fade and die
And those who laugh will surely fall
And those who know will always feel their backs against the thin wall
The thin wall
Thin wall

Old men who speak of victory
 Shed light upon their stolen life
 They drive by night and act as if they're moved by unheard music
 To step in time and play the part
 With velvet voices smooth and cold
 Their power games a game no more
 And long the chance to use it

(Chorus)

And those who dance will spin and turn
 And those who wait will wait no more
 And those talk will hear the word
 And those who sneer will fade and die
 And those who laugh will surely fall
 And those who know will always feel their backs against the thin wall
 The thin wall
 Thin wall

The thin wall (Repeat 3 times)

And those who dance
 The thin wall
 And those who talk
 The thin wall
 And those who sneer
 The thin wall
 And those who laugh
 The thin wall
 And those who know
 The thin wall
 And those who dance
 The thin wall
 And those who wait
 The thin wall
 And those who talk
 (Fade)

Stranger Within

Light gets through a crack in the door
 I tape up the windows once more
 Tight like a cold hand of fear
 Don't fear the stranger within

Hands that petrify in the air
 Eyes catching things never there
 Sweet tension caught on my breath
 Don't fear the stranger within

Watch every shape that escapes
 Scared to make that final mistake
 Speak to hear the sound of your voice
 Don't fear the stranger within

Sit in the corner with your back to the wall
 Pray to your God with your head in your hands
 Your mask of fear is shrinking fast
 It's closing in more amour
 You stand on borrowed time, your sweating palms and chilling brow
 That wide-eyed panic makes you laugh, you cry and laugh
 Freeze until the noise decays, a shuffle from behind a door
 Your throat is tight, it makes you choke and smoke and choke
 Eyes will grow accustomed to the dark, a stifled scream that won't come out
 There's nothing more to fear from the stranger within

Don't fear the stranger within
I feel the stranger within
I see the stranger within
Don't know the stranger within
I am the stranger within
I am the stranger within

Accent on Youth

What is this phase that I am going through
Oh these precious years
Please take my hand and let me breathe again
Young depressive tears

We stumble blindly chasing something new and something sinful

You take my time you live my life for me
What have I done to rate this penalty
You suck me dry
My body cries

We stumble blindly chasing instant thrills and lasting memories

Accent on youth
Attention Oh
Ascends on you
Oh Oh

I scream with frustration and lost control
Open for the blows
My hands fall limp and hang down by my side
Take my soul and go

We stumble blindly chasing dancing lights and others' wishes

(Chorus)

Just let me close my eyes and slip away
Dream a dream alone
You give me just enough rope for the task
Let this man alone

We stumble blindly chasing silhouettes and vacant faces
So well rehearsed our moves once so graceful turn against us
We stalk dark passages, we're looking for that sweet surrender

(Chorus)

Your Name (Has Slipped My Mind Again)

Something stops me from seeing too clear
A misty haze floats round the room
The murmurs make it hard to hear
The voices and the words

The days seem to drag away
My speech is sparse and tends to slur
I wonder what happened to my friend to day
Can't hear the words

Chorus:

O O

Your name has slipped my mind again
O O O O O
O O
Your name has slipped my mind again
O O O O O

It's hard to focus in this light
I'm growing warm and feeling dull
The heartbeat pounds with vicious fright
There's something to remember

I clench my fist but feel no sensation
The walls around me spin and sway
A flash back image in my vision
I remember

(Repeat chorus 3 times)

I Never Wanted to Begin

Shadows cut our cloth that's stolen,
Promises were broke,
We wound our watch to stretch the time,
In case that no-one got the joke.

I never wanted to begin,
Name that sin
Name that sin.

Dim and distant kisses chill,
Before I catch my death,
Etch every name upon the door,
And note the ones who never rest.

We never knew who we were then,
Name that sin,
Name that sin.

Shattered captives climbing gates,
To hold new lamps in vain,
For my King's rowing over lakes,
Connecting rooms in black sedan.

They never wanted to get in,
Name that sin,
Name that sin.

Evidence is stripped and torn,
And hidden in the mines,
The negatives have all been fogged and blurred,
And just a thousand times,

We never wanted to fall in,
Name that sin,
Name that sin.

Name that sin,
Name that sin,
Name that sin,
Name that sin,
Name that sin.

Paths and Angels

Never seen, never heard, never
shown
Characters lying in wait
Responsible figures of
fate
With memories and faces as long as their hate
Paths and the angles of light
Find their way into my
eye
Recorded and logged for a time
Some living, some
loving, some dying

There are factors rearranged every time
The phrases, the angles, so fine
Sunken valleys
and decades of crime
Distant seasons
A smile that was
quoted as mine

Paths and the angles of light
Find their way into my eye
Recorded and logged for a time
Some living, some loving, some dying

The Voice

Heimatlich scheinen diese Worte für mich
Die ganze Rede richtete sich auf mich
Ich hörte sie schon einmal zuvor
Ich kenne dieses Gefühl

Merkwürdigere Emotionen im Herzen
Ändern die Umrisse, die ich vorfinde
Ich sah sie schon einmal zuvor
Jemand schreit mich an

Ohohoho, der Aussehen und der Klang der Stimme
Ohohoho, sie versuchen es, sie versuchen es
Ohohoho, die Gestalt und die Kraft der Stimme
Ohohoho, in starken, tiefen Tönen

Wieder eindrucksvoll und verdrehend
Verschwenden die vollständigen Reste
Ich fühlte es schon einmal zuvor
Auf mir ausrutschen

Ohohoho, der Aussehen und der Klang der Stimme
Ohohoho, sie versuchen es, sie versuchen es
Ohohoho, die Gestalt und die Kraft der Stimme
Ohohoho, in starken, tiefen Tönen

(Stark...) Süßlich schwinden die Stimmen
(Stark...) Ziehe die Linien, die sie dir sagen
Ich verlor es schon einmal zuvor
Jetzt schreit es mich an...

Ohohoho, der Aussehen und der Klang der Stimme
Ohohoho, sie versuchen es, sie versuchen es
Ohohoho, die Gestalt und die Kraft der Stimme
Ohohoho, in starken, tiefen Tönen
Ohohoho, der Aussehen und der Klang der Stimme
Ohohoho, sie versuchen es

Ohohoho, die Gestalt und die Kraft der Stimme
Ohohoho, in starken, tiefen Tönen
Ohohoho, die Gestalt und die Kraft der Stimme
Ohohoho, in starken, tiefen
